

CBS Skating Club Presents:

Skate Global Workshop

With Liam Firus and Elladj Balde

April 2, 3 & 4, 2018

CBS Arena, Kelligrews

At the end of our final season of skating, both of us would like to leave an imprint on Canada's skating community. We've put together a workshop with a goal in mind to help skaters reach their peak performance; and better know the people who are as passionate about our sport as we are...

We'd like to share with you the skills and tricks that we've both learned while competing on the international figure skating circuit on our ten-year journey. Not only do we want to help the future faces of skating, we want to work with the coaches and help them better understand what it takes to bring out the best in their skaters to compete in World championships or Olympic games.

To end things, we don't just want to guide you guys on the ice, but we want to perform for you. Our workshop will include a performance by both of us so that you guys can see what a competitive international skater looks like in person!

We both bring something entirely different to the ice, therefore we are providing a workshop that will cover all parts of skating; giving you guys the whole package. We look forward to seeing you all in Conception Bay South!

- **Elladj and Liam**
